

YMCA MEMBERSHIP

Your child's safety is our priority. That is why as part of the YMCA of the Northwoods established abuse prevention program, background checks and references are completed on all employees and volunteers. To view the YMCA Code of Conduct or to learn more about how the YMCA takes steps to protect children, please contact the Program Director or YMCA Branch Executive.

Your YMCA Membership Includes:

- Free Wellness Orientation
- Adventure Alley Child Care
- Fitness Classes
- Gymnasium
- Reduced Fees on Programs
- Family Events
- Strength Training Equipment
- Cardiovascular Equipment
- Volunteer Opportunities
- Swimming Lessons
- Family Programs
- School Age Child Care
- Teen Programs
- Fitness Assessments

QUALITY CHILDCARE

Choosing quality childcare is one of the most important decisions you will make in your child's life. The impact of your decision will determine their future. We believe that children are society's most precious resource. We support parents and strive to be an extension of your family.

By forming a partnership, and by emphasizing the YMCA's core values of respect, responsibility, honesty, and caring, together we can help your child meet with success on his/her own level. Your child is a unique person with individual needs, interests, and abilities.

YMCAs are dedicated to providing high-quality, affordable child care. As the nation's largest provider of child care programs, YMCAs provide family-centered, values-based programs to nurture children's healthy development..

YMCA of the Northwoods is proud to offer high quality childcare to families in the Northwoods. With 27 years of experience in the community we offer full day programs which provide childcare and preschool for infants through 6 years of age.

**Your Full Time Enrollment
Fee Includes a FREE YMCA
Family Membership!**

DAILY ACTIVITIES

Our goal is to provide a unique, positive, educational, and recreational experience for all children.

Children learn through active exploration of their environment. The learning center uses a developmental hands-on approach to learning by providing space, time, and materials for children to explore. This encourages the opportunity to experiment, question, create, and express themselves.

Playing outside on the playground, going on walking field trips, painting, cooking, and activities that encourage several areas of development. This includes large and small motor, creative, social, intellectual, and cognitive opportunities.

A daily routine is practiced with the children that give the children a chance to socialize, be independent and learn everyday skills.

YMCA Mission

To put Christian principles into practice through programs that build a healthy spirit, mind, and body for all.
